# Part 8: Open Responses

## Overview

Part 8 of the ALSSS contained two non-compulsory questions giving students the opportunity to state in their own words what they liked best about their law school and what they would most like to see improved.

A selection of the responses received are included below. Email [contact@survivelaw.com](mailto:contact@survivelaw.com) for more information.

### **Question 41: What do you like best about your law school and why?**

- The superb facility and personal attention from both academic and admin staff.
- The staff are friendly and willing to help. The students have genuine concern for each other.
- I love the sense of community evident in my law school. I know loads of students and I am on a first name basis with most of my teachers
- The small class sizes and the strong supportive atmosphere. I have had a number of opportunities I feel I would not have been able to participate in had I been at another university.
- I like Bond's accelerated degree, and the fact that we do trimesters instead of semesters. I think that it gives a more realistic perspective on the real work force and the work load we will be expected to manage. I also like the extent of support that is offered to all students not only by academic staff, but also support staff and older students who are more advanced in their degree.
- High quality of teaching staff.

### **Question 42: What about your law school would you most like to see improved and why?**

- I would like to see a system that allows students to have more of a say in the way things are run in regards to exams and classes.
- Assessment needs to be explained in greater detail, teachers need to be more open and eager to help us further understand content, facilities really should be of a higher standard for the fees we pay.
- I would like to see more peer support.
- Job prospects/work experience
- More variety in electives, not as many as other law schools
