# Part 8: Open Responses

## Overview

Part 8 of the ALSSS contained two non-compulsory questions giving students the opportunity to state in their own words what they liked best about their law school and what they would most like to see improved.

A selection of the responses received are included below. Email [contact@survivelaw.com](mailto:contact@survivelaw.com) for more information.

### Question 41: What do you like best about your law school and why?

- Good campus life. Good people
- It has a very friendly, approachable environment with a healthy amount of competitiveness to allow for motivation. The content of lectures is very interesting.
- Some of the academics were exceptional in their expertise and teaching skill. Law school admin staff and academic advisers were prompt and helpful
- The competitions and extra-curricular activities such as mooting and client interview. I really enjoy the ability to get involved and practice applicable skills instead of a purely theoretical approach.
- Some lecturers are excellent, and mq offers great extra-curriculars including exchange scholarships and Peer assisted learning sessions

### Question 42: What about your law school would you most like to see improved and why?

- The reputation & support
- The amount of work for minimally weighted assessments can be disheartening; I feel a lack of regard to student's overall wellbeing should be attended to
- Becoming they're own faculty instead of just a "Law School"
- Online resources are very inconsistent. Some subjects provide too much information while others do not provide enough. It is very difficult to conceptualize difficult subjects when lecture slides are not provided or are of poor quality
- The range of electives offered, because I initially chose to come to this university based on the wide and multidisciplinary nature of legal education I have heard it has a reputation for.
