Part 8: Open Responses

Overview

Part 8 of the ALSSS contained two non-compulsory questions giving students the opportunity to state in their own words what they liked best about their law school and what they would most like to see improved.

A selection of the responses received are included below. Email contact@survivelaw.com for more information.

Question 41: What do you like best about your law school and why?

- The atmosphere at Notre Dame is the best! Everyone is so happy and positive at Notre Dame. Everyone comes to class and there is a real sense of camaraderie between the students and our teachers.
- Small class sizes Excellent tutors/lecturers
- The small classes and the care given by lecturers.
- The approachability of staff, the small class sizes, the focus of the content to practical issues that come up in the profession and just the practicality of the delivery of information, the timing of lectures (they try and get all your subjects into a short range of days to facilitate work opportunities).
- I like the small class sizes that stimulate a positive, learning experience.

Question 42: What about your law school would you most like to see improved and why?

- The pressure for attendance in the core units. I understand why such a high level of attendance is required but even when a medical certificate is provided it's usually not good enough.
- Doing 5 or 6 law subjects a semester shouldn't be the norm. Also, I'd love to see more electives.
- I would most like to see the law teachers become more available and approachable after class. Sometimes I feel as though they are too busy or cannot help students after class due to the fairness of other students. This is fair enough although I feel they could let the students be aware of their assistance more often.
- A much wider range of law electives, more information regarding PLT
- A bit more organised in the prompt marking and return of assessment tasks
